Christopher Wilder: The True Story Of The Beauty Queen Killer: Historical Serial Killers And Murderers (True Crime By Evil Killers Book 16)

Synopsis

Of all the many psychopaths and sociopaths that have hunted for human victims throughout history, few have been more disturbing or mysterious than Christopher Bernard Wilder â “ the beauty queen killer. From the middle of the 1960s until 1984, Wilder sexually assaulted countless women and murdered at least nine in Australia and the United States. The beauty queen killer was not only a true psychopath, but also a hunter as he carefully chose attractive girls and young women to victimize. But Wilder was no creepy looking killer; he was an attractive, articulate man who used a camera and offers of a modelling career to get his unsuspecting, naïve victims to remote locations where he would then rape, torture, and ultimately kill them. Among serial killer biographies, Wilder's is a cautionary tale. First as a juvenile and later as a young man, Wilder was arrested on numerous occasions for sexual assaults in both Australia and United States; but he never served any time behind bars due to technicalities, witnesses refusing to testify, or the judges showing sympathy towards the beauty queen killer. When one considers some of the better known American crime stories from history, many red-flags are apparent that point towards the future criminal potential of an individual: for Wilder, the flags were bright, crimson, quite large, and difficult to avoid, yet were ignored by his friends, family, and the authorities. Christopher Wilder's saga is therefore not just a true crime murder story, but also an unfortunate example of how the system can fail to protect the public from a known sexual sadist. Open the pages of this intriguing book and read the story of an American serial killer who had it all: looks, money, and beautiful women. But as this captivating true crime story will reveal, nothing was ever enough for the beauty queen killer as he killed his way across the United States in order to satisfy his sadistic lust. Aspects of the Christopher Bernard Wilder story will disturb you, but at the same time you will find it difficult to put this serial killer biography down because you will be drawn in by the FBI's hunt to capture the elusive criminal.

Customer Reviews

After reading all of Jack Rosewood's books it is still difficult to realize he is finding more subjects! This is Book 16! Said before, and worth repeating for new readers, Florida author Jack Rosewood inherited his fascination for heinous crimes from his father, a journalist covering major grim crimes, e.g. Ted Bundy. He is fascinated with serial killers – their development psychologically, their preparation for their life of crime, and the details of how they made their bloody black marks on the world. The movie star handsome Rosewood lives in Jupiter, Florida with his wife and two children. This is now his sixteenth inimitable book from his series HISTORICAL SERIAL KILLERS AND MURDERERS. This book is co-authored by Dwayne Walker who has written a number of non-fiction books on Texas history, world history, the history of warfare, and now has conducted research and writing on the topic of terror and how it affects populations – the reason he joins Jack on the series on serial killers. Jack's writing style completely captures the essence of the serial killers he studies. His astute studies of the various serial killers about whom he is providing biographies is not only fascinating reading material, but also a probing investigation of the psychopathology of serial killers. However in this 15th installment of Jack's series he seems to grow along with his expertise in reportage. There is complete information not only about the perpetrators background and the series of murders and assaults they committed, but also about the interplay between the press and the judiciary system and relatives of the victims. Though it may sound a bit sadistic, Jack's books are so riveting that with the release of every new volume everything else gets set aside for the new journey into terror and madness.
