No Man's Land: John Puller Series

Synopsis

New York Times best-selling author David Baldacci returns with his next thriller featuring military investigator John Puller. John Puller's mother disappeared nearly 30 years ago. Despite an intensive search and investigation, she was never seen again. But new allegations have come to light suggesting that Puller's father - now suffering from dementia and living in a VA hospital - may have murdered his wife. Puller is officially barred from working on the case and faces a potential court-martial if he disobeys the order, but he knows he can't sit this investigation out. When intelligence operative Veronica Knox turns up, Puller realizes that there is far more to this case than he had originally thought. Puller will stop at nothing to discover the truth about what happened to his mother...even if it means proving that his father is a killer.
