Smart Blonde: The Life Of Dolly Parton

"A balanced, often absorbing study of an ultra-talented country music icon." *Mojo*

Smart Blonde **DOLLY PARTON**

a biography by
STEPHEN MILLER

NEW EDITION

Synopsis

In this revised edition of his definitive biography of Dolly Parton, Stephen Miller has updated his original book on the superstar. Going behind the larger-than-life image to discover what makes Dolly tick, Miller gets to the core of a remarkable woman from a poor East Tennessee background who made it in the male-dominated world of Sixties Nashville and went on to build a respectable movie career. Talking to Dolly's family members, musicians and producers, the author explores Dolly's private life, including her closely-guarded relationships with her husband of nearly fifty years, Carl Dean, and her lifelong friend Judy Ogle. What emerges is a unique portrait of a strong woman who took control of her life, her music and a successful business career with resolute determination. Dolly loves making jokes at her own expense; perhaps the best joke has been how one of America's great singer-songwriters became a legend by being serious about her music while being frivolous about her image.

Customer Reviews

I think it was written well, it was an updated version but I thought it went on a little long. By the end I was ready to be done.

I thought it was very informative I learned a lot about her I was unaware of.

I loved Dolly and reading about her, but I thought the book dragged in places.

Good book to read

Great
