Customer Reviews

Its a good catalogue, with informational bits for quite a few artists. Good for color pictures and moderate variety in style. Much like other user's complaints, there are some repeat pages and repeat artists, but in some cases, the artist is repeated, but the pictures are new pictures of the same artist. Not really sure I'd buy again.

Excellent book, but as other reviews stated book started to fall apart at the binding, must have used cheap glue, (quick fix before pages start coming out peel cover back take hot glue gun and glue it back). But overall the book is fantastic.

I appreciate the attempt to get exposure for tattoo artists, but the binding of the book gave out after one flip through, making it hard to justify buying any other similar titles. Also, while majority of the artists were great, there were quite a few I was very surprised to see, as their work seems to do nothing but show examples of future cover ups. I love to try out any and all tattoo publications, and while this one is worth the price, we can do a better showing for the industry.

This book is awesome. Showcasing different artists' work and giving them a small bio is great to understand their work and where they came from. Great gift for an aspiring tattoo artist to get inspiration from.

A Beautiful Book. I like the rich color pictures, and the in-depth text. The Case Art on the Cover is Excellent. These is a Nice Addition to any Collection. 5 Stars.

Bought this book for a friend, recvd on time, brand new, he loved the book.

Awesome book, very interesting!
