Intermediate Financial Management (Finance Titles In The Brigham Family)

Synopsis

The only book written specifically for Intermediate or Advanced Corporate Finance courses, Brigham/Daves' INTERMEDIATE FINANCIAL MANAGEMENT, 12E couples in-depth discussions of core issues with current coverage of the topics that are reshaping finance today. This comprehensive, student-friendly text from trusted finance authors Gene Brigham and Phillip Daves provides a unique balance of theory and practical applications to help you understand the financial problems facing businesses--and the best solutions. The authors use corporate valuation as a unifying theme to emphasize the theoretic groundwork for value maximization and the practical skills to analyze business decisions. Real-world business examples, integrated Mini-Cases, end-of-chapter problems, and Excel spreadsheet models illustrate how financial theory in practice leads to stronger financial decisions.
