Customer Reviews

Although the book is relatively short but complete guide book form an inspirational youth leader Arnold Schwarzenegger that relates to the all. Arnold is absolutely brilliant in his abilities, anyone can achieve greatness to follow his tools and experience. It has given me the drive to get started

and stay focused on my goals. It showed me some really brilliant ideas and concrete strategies to manage and arrange my plans. It points out basic rules to follow that helps me to get my life smoother and happier.

I've read Arnies biography, and a lot of what's being said in this book are the opposite from what he says in his biography. The only good part is the straight out quotes from Arnold's success formula.

Too short. It reads like a high school report. Every paragraph virtually said the same thing; work hard to be like the Terminator. Go for 'Total Recall', Arnold's autobiography, or his Wikipedia page if you want any substance.

cheap, consistent, short, the most important wisdom's that Arnold transmits.

Really enjoyed the knowledge given through this book.
