Customer Reviews

I started out with Suzuki when I was learning to play the violin in high school. I already knew how to read music, so I refused to learn to play by ear, which gave my teacher a little bit of grief. Still, the method is well-proven to produce great musicians as long as they put as much time and effort into learning to read music as they put into playing by ear. The songs are fun to play and quickly move the violist past the boring, one-note melodies. I only give the review four stars, however, because I had to buy a CD player for the CD that accompanies the book. The songs on CD are excellent for

ear training and enhance practice a great deal, but who listens to anything on CD anymore. Would be better to offer MP3 downloads and much more convenient.

As expected (book/cd combo) thank you

Suzuki method is amazing! Find a qualified teacher and prepare to be amazed at what your child can do!

Excellent Product A++++
