Love's Encore

Synopsis

In one reckless night, Camille Jameson's life was changed forever: a tall, handsome stranger, an evening of romance and enough regrets to last a lifetime. Two years later, Camille is a successful interior decorator with the opportunity to restore one of Mississippi's proudest plantations. She arrives excited and eager to face her greatest professional challenge to date until Zack Prescott saunters through the mansion's front door and back into her life. He is exactly as she remembers, except for the knowing look in his eyes that reminds her of what they once shared. Now, forced to live in unbearably close quarters, Camille and Zack will discover if they have the courage to face the past and, perhaps, build a future together |

3.5 Stars By now you must know that one of my recent favorite authors is Sandra Brown. This is my 17th book by her. I have read a variety of her books; old and new and for me my favorite's land within the late 1990's through her current books. Love's Encore is a romance novel and was originally published back in the early 1980's so you have to get yourself in that mindset when you start reading it. There is something to be said about the way romance novels were written thirty years ago. It wasn't graphic or over done. It was just as inviting and sexual. Sandra Brown writes in a way that she allures you in, creates a level of anticipation and then allows for your imagination to take over. Camille is hired by Rayburn Prescott to renovate his beautiful home in Natchez, Mississippi. It is her dream job and she couldn't wait to get started. What she doesn't realize is that she will be coming face to face with the one man that ruined her for all others and is the one

even after two years she craves. The past that they share has left them each in a tailspin of their own. On the outside, neither appears happy about having to spend time together but for the happiness of his father Zack will do whatever he has to and Camille can't turn her back on the job. Zack has never confided in anyone about that weekend two years ago. The time he spent with this girl who got under his skin and one that he would never get out of his system. The way things ended left him angry and confused. But it wasn't any easier for Camille. What they shared was something that she would never forget but it was also something left her feeling ashamed.

If you enjoy reading a great love story, than you will not be disappointed with Sandra Brown's very first book entitled "Love's Encore". For two years, young Camille Jameson has been trying to carry on with her life and trying desperately to forget her past. Having her heart broken by some stranger on a crazy ski trip two years earlier, she does the next best thing, she buries herself in her work. Now, going into the decorating business with her mother, she is thrilled when a gentle old southern gentlen by the name of Rayburn Prescott hires her to restore his run-down mansion. Not only will this restoration help their business but it will also help her career in her future as well. When she arrives, she is in awe of the beauty it holds, even the name of the mansion is perfect "Bridal Wreath". However, nothing could prepare her for the uninvited guest that showed up, Mr. Zachary Prescott. Mr. Prescott's son and the love of her life that she first met a lifetime ago on a certain ski trip. Stunned, either one knew what to say to the other except show anger, frustration, and humiliation for the other. One thing was for sure though. Zach still had this power over her and Camille didn't know how to handle it. Should she walk away or do the job? She needed this but could she stay? Since she got there, all Zach and her did was show resentment towards each other. Why? What happened on this ski trip? Now, poor Rayburn is ill and in the hospital and all Camille can think about is getting the restoration completed before he is released. Can she do it? She has to! Being around Zach is destroying her bit by bit and poor Zach is feeling the same way about her. Only time can tell because both of them will soon be facing obstacles that they will not be prepared to face alone.
