Customer Reviews

Another fantastic love story by Sandra Brown and not to mention, if you ever fantasized about "love at first sight", this surely is the book to read. On the eve of her wedding, Megan Lambert thought she had it all. A great fiancé, a decent job and good health. What more could a girl ask for? And then in a split second, everything changed. He walked in with such style and grace and Megan was at a loss for words for she thought he was the most handsomest man she has ever seen. It didn't help matters either that he was one of her fiancé's closest friend's. He introduced himself as Joshua Bennett but he preferred Josh. Asking Megan to dance made it even more difficult because she was finding truly hard to concentrate on what she was doing. However, unaware to her, Josh was going through the same effects and the impact this woman was doing to him was uncanny. So, was it all that shocking when they found themselves sneaking off, discovering a deserted gazebo, arms entwined, sharing the most passionate kiss ever? For Megan it was! What was she thinking? After

all, she is getting married the next day. She runs from Josh's grasp vowing never to see him again and she thought she never would in her future as well. Now, being a widow for a short time only, she is informed by her boss that Josh Bennett wants to hire her for his firm. Even now, when she sees him for the first time since that night so long ago, she is faced with emotions that she has never experienced before with no other man. Josh, being the handsome, debonaire man about town that he is, also has an ulterior motive. For deep-down, he feels the same way about Megan and he isn't going to give up until he finds a way to win her over, no matter what! Will Megan give in to Josh and accept his job proposal?
