One of the distinctive features of Judaic culture is its music. Expertly compiled, edited, and arranged by Velvel Pasternak, "The Jewish Songbook" is a 255-page compendium of music complete with scores and lyrics. The songs themselves are organized into sections: Songs of Israel; Songs in Yiddish; Sephardic & Oriental; Songs in English; Sabbath & Holidays; Chassidic & Liturgical. Each individual selection has a brief descriptive meaning of the words in the featured Hebrew or Yiddish songs is provided in English. Enhanced with the inclusion of a selected bibliography, an index of the first lines, a selected discography, and an alphabetical index, "The Jewish Songbook" is a veritable showcase of the rich cultural legacies, traditions, and beauty of Jewish vocal music and a seminal, enthusiastically recommended contribution to personal, professional, academic, community, and synagogue library collections.

A good buy. Lots of good songs. It might be nice to have the English translations printed under the notes as well to know how they fit when the syllables don't all match. Other than that it's pretty

comprehensive.

Very good book, nice collection of Jewish music, definitely good for song references, for lyrics and also just for fun - remembering some songs, maybe learning a new one. I like it very much. Maybe missing some newer ones, but one can't always be up to date.

I'm just learning piano and ordered this book to play the piano, but it doesn't have the bass notes, only the treble. I have to say I was very disappointed when it arrived as I can't use it. However, it does have guitar notes so hopefully, my daughter can use it. Hope this helps.
