Customer Reviews

Neil's songs in this collection are a blast to play using the Easy Guitar Tab. Although I miss the rich tone and extended solos that more advanced guitar tab includes, this collection allows me to play the melody and just enough of the songs with my current skill level to really enjoy playing the tunes. I loved learning to play one of the short solos on "Like a Hurricane" by memory, which let's me "feel" the music. Thank you, Hal Leonard for a job well done.

Will come back and review quality of book later, but here is the song list. After The Gold Rush Cinnamon Girl Comes A Time Cowgirl In The Sand Down By The River Harvest Moon Heart Of Gold Helpless Hey Hey, My My (Into The Black) Like A Hurricane The Needle And The Damage Done Ohio Old Man Only Love Can Break Your Heart Rockin' In The Free World Southern Man

I had an older addition, but lost it. This one is better. I like seeing the lyrics for the entire song on one page.

This is really a good book. I wouldn't use the word "easy" to describe it. Lots of common chords that a practiced beginner should know, so I'd describe it as "not difficult" but it's not simple, which makes it interesting. I really like the arrangement of Southern Man being it's excellent for solo performance, plus it is just fun to play. Everyone recognizes it immediately. The arrangements strike the right balance between strumming and solo picking, which makes it fun. If you like Neil Young, like a challenge that will help you move to the next level as an artist and you want to solo perform, I highly recommend this book. Check out my other reviews. I don't generally give 5 stars to anything, but this book is the exception.

As a beginning guitar player i found this book to be excellent. the chord, notes, tab notation is easy to read, and the songs are all familiar to Neil Young fans.

Good music for beginning to advanced beginner. Easy tab for the most part and cool selection of classic Neil Young songs.

This is a terrific book and has helped me learn several Neil Young songs quickly. It's not the complete canon of Neil Young songs, of course, but I think it's well worth it -- and an important resource given the unavailability of Neil Young songs on Ultimate Guitar etc.

This is a good beginner to intermediate musical compilation of many of Neil Young's popular songs. It is missing a couple that i was hoping would be included like Tell Me Why, On the Way Home and I Am A Child.
