Customer Reviews

What a hilarious book to own! I've become a huge fan of Adult Coloring Books over the past year and I must say that this is one of my favorites. With over 40 Swear word pages to color, it's definitely great to visualize whom I would give each page to. Best of all I love the quality of the paper. You never want a coloring book that has cheap paper. The book allows for easy removal of pages for display or to give as gifts :)I appreciate the fact that the illustrations are large which prevents any form of color interaction.This is definitely a book I would purchase for friends and family members. It's a book that is worth the purchase and you'll never get tired of coloring in. Great Quality and Price!

This adult coloring book is of high quality with each picture on a separate, thick and black page. The backgrounds are unique and interesting. If you are frustrated or mad with someone, then the phrases and words will help you in letting out some of the problems. 40 different pictures ensure

that you will find a page that matches your mood to be able to color. Easy to lose yourself into as the time flies by quickly. I have received this product at a discounted or free price in exchange for my honest review.

I really liked the swears. Things like "Shut your whore mouth" and "Piss flaps" were a couple of my favorite pages. Although the swearing is in British, I enjoy it. The reason that it got 3 stars is that the pages aren't perforated, making them awfully hard to pull out. Keeping them in the book was an option, but the pages are so thin, they bled through to the next page. I wouldn't buy it again, but not super upset that I spent \$4 on it.

After a nasty work week, this was the perfect thing to come home to. I've been coloring for years as for stress release but I've never had a book that's expressed my exact sentiments. I'll be ordering more as gifts.
