Alfred's Kid's Ukulele Course Complete: The Easiest Ukulele Method Ever!, Book & CD

Synopsis

Alfred's Kid's Ukulele Course is a fun method that teaches kids to play songs on the ukulele right away. This complete edition combines levels 1 and 2 with the activity pages of the Notespeller, and includes an accompanying MP3 CD so they always know how the music should sound. Each lesson on every page is explained in plain language that's easy to understand. Plus, kids get to learn from three irresistible guitar experts---a clever classical dog, one cool jazz cat, and a friendly alligator who loves the blues. They draw attention to what's important on each page and help them learn by making music fun! Parents can be effective guides to help their children through this course, even if they've never had any musical training themselves. Teachers can even use this course in their classroom at school. Now get ready to take the first, best step toward a lifetime of musical enjoyment.

Customer Reviews

Our 8 yo daughter has been enjoying using the DVD with the book to teach herself. She loves it and has been able to be pretty independent (we got a tuner that's easy for her to use, too, which helps with the independence) -- she'll disappear for an hour or so working on her uke. Awesome!

This is an excellent book for teaching kids the ukulele. I use for both my 5 and 6 year old nephew. Highly recommend it. Thanks.

This method finally is for kids and even for adults that are starting in music ,i know it is good the niece is having fun and progressing .The only problem was that the delivery was supposed to be the 19 just in time to wrap it for Christmas but it arrived the 29 and at the price they charge for shipping it is like getting robbed.

I got this to teach uke playing to a couple of kids in Sunday school. It's a mixed package. It tries to teach strumming and finger picking using music notation (for which I give it credit), it just doesn't do any of those very well. I learned music as a kid myself, and I had books with lots of figures (B&W back then) but I think this book wants to put too much emphasis in making it too "cool" and colorful for kids, that it forgets what its purpose is. In conclusion it might be OK if that's the only choice you have, but it'll become obsolete after a couple of weeks of using it.

Easy to follow and understand. I purchased this for myself, as I am teaching myself ukulele. My grandson loves music, and I hope to teach him how to play the uke as soon as he is old enough.

Very basic. Great for kids 6-12. I am giving it to my grandson who wants to learn how to Palau the ukulele.

Just what we wanted, Very very happy with it. I was happy with the cd it came with and my daughter loves it.
