No Angel: My Harrowing Undercover Journey To The Inner Circle Of The Hells Angels

Synopsis

Here, from Jay Dobyns, the first federal agent to infiltrate the inner circle of the outlaw Hells Angels Motorcycle Club, is the inside story of the twenty-one-month operation that almost cost him his family, his sanity, and his life. Getting shot in the chest as a rookie agent, bartering for machine guns, throttling down the highway at 100 mph, and responding to a full-scale, bloody riot between the Hells Angels and their rivals, the Mongols—“these are just a few of the high-adrenaline experiences Dobyns recounts in this action-packed, hard-to-imagine-but-true story. Dobyns leaves no stone of his harrowing journey unturned. At runs and clubhouses, between rides and riots, Dobyns befriends bad-ass bikers, meth-fueled old ladies, gun fetishists, psycho-killer ex-cons, and even some of the “Filthy Few”—“the elite of the Hells Angels who’ve committed extreme violence on behalf of their club. Eventually, at parties staged behind heavily armed security, he meets legendary club members such as Chuck Zito, Johnny Angel, and the godfather of all bikers, Ralph “Sonny” Barger. To blend in with them, he gets full-arm ink; to win their respect, he vows to prove himself a stone-cold killer. Hardest of all is leading a double life, which has him torn between his devotion to his wife and children, and his pledge to become the first federal agent ever to be “fully patched” into the Angels’ near-impregnable ranks. His act is so convincing that he comes within a hairsbreadth of losing himself. Eventually, he realizes that just as he’s been infiltrating the Hells Angels, they’ve been infiltrating him. And just as they’re not all bad, he’s not all good. Reminiscent of Donnie Brasco’s uncovering of the true Mafia, this is an eye-opening portrait of the world of bikers—the most in-depth since Hunter Thompson’s seminal work—one that fully describes the seductive lure criminal camaraderie has for men who would otherwise be powerless outsiders. Here is all the nihilism, hate, and intimidation, but also the freedom—and, yes, brotherhood—“of the only truly American form of organized crime.

Best Sellers Rank: #84 in Books > Biographies & Memoirs > Professionals & Academics > Law Enforcement #184 in Books > Biographies & Memoirs > True Crime > Organized Crime #189 in Books > Audible Audiobooks > Nonfiction > True Crime

Customer Reviews

I remember thinking, years ago, when I first heard about this case, "Man, that'd make a heck of a good book!" And it did. I'm not going to rehash the plot line, several of the other reviews have covered that nicely. What I will say is that the book holds your attention through every page, only slowing down as you realize that the case is coming to an end. I read the whole thing during one Saturday spent waiting for my daughter to finish her dance lessons - it is that interesting a book. What always amazes me in these true stories (I'm in the middle of reading William Queen's *Under and Alone*) is how these hyper-paranoid outlaws are repeatedly infiltrated by guys who, essentially, just show up and hang around. If I were looking to setup an OMC (outlaw motorcycle club) I'd have a hard-rule: you must commit a serious felony in our presence - one arranged by the club. They'd still get infiltrated, it'd just be a little harder. And another point it's not always clear to me is what exactly the 81's are doing that amounts to serious big time crime. I understand that they're violent, use drugs, work hard at being social outcasts, etc., but in this story, most of the crimes depicted amount to selling one or two guns at a time, some drugs and random acts of violence. After having read of the massive and profitable drug operations mounted by the Hells Angels' Canadian chapters I'd expected some of that here.

Captivating from the first page, NO ANGEL thrusts the reader into the inner world of the outlaw motorcycle gang, the Hells Angels. This is the story of an obsessed man, who with the all-or-nothing mentality in his makeup becomes the first undercover law enforcement agent to penetrate this notorious group. The story is conveyed with brutal honesty. Jay Dobyns, using the alias "Bird" relies not only on his memories of the two year ATF case known as "Black Biscuit," but also on surveillance tapes and transcripts. They help provide detailed dialog between the operatives and their suspects. He puts you in the dark rooms, smoke-filled clubhouses, beer-soaked bars and inky tattoo parlors as you witness his transformation from a sandy-haired football star and all-American dad to a scary looking dude with a braided goatee. He becomes Bird. He also becomes a patched Hells Angel, sacrificing everything dear to him in the process: his family, his friends, and nearly his

soul. In a moment, however, just before the case shuts down, he experiences a revelation. It's not merely about the good and evil among the Hells Angels or in himself, it was the basic understanding this "brotherhood" was "nothing more than a support group for misunderstood loners held together by hate and money." Immersed in this HATE for so long, he ultimately casts it aside for everything he LOVES, and expresses this personal epiphany with tremendous humility. In spite of a disappointing outcome for Black Biscuit and his exposure as an undercover agent, this makes Jay a hero, and makes NO ANGEL a story worth reading. There are many characters on both sides of the law and a slew of unfamiliar terminology and acronyms, but photos, glossaries maps and lists are provided to guide the reader. Very well done.
