## The Body Farm (Kay Scarpetta)

## Synopsis

Little Emily Steiner left a church meeting late one afternoon and strolled toward home along a lakeside path; a week later, her nude body was discovered, bound in blaze-orange duct tape. Called by the North Carolina authorities, forensic pathologist Kay Scarpetta recognizes similarities to the gruesome work of a serial killer who has long eluded the FBI. But as she tries to make sense of the evidence, she is left with questions that lead her to the Body Farm, a little known research facility in Tennessee where, with the help of some grisly experiments, she might discover the answer. It is Scarpetta alone who can interpret the forensic hieroglyphics that eventually reveal a solution to the case as staggering as it is horrifying. But she must also endeavor to help her niece, Lucy, who is embroiled in controversy at Quantico. And Scarpetta, too, is vulnerable, as she opens herself to the first physical and emotional bond she has felt in far too long a time. Tenacious and brilliant, tender and gentle, this is Scarpetta even more realized and poignant than we've seen her before--in a stunning achievement from a best-selling author at the peak of her powers.

## Customer Reviews

For reasons unknown to even myself, I've been reading this series completely out of order. This is the fifth book in the series of fifteen (to date), and the one with the most forensics out of the ones that I have read. *Postmortem* (1990) *Body of Evidence* (1991) *All That Remains* (1992) *Cruel and Unusual* (1993) *The Body Farm* (1994) *From Potter's Field* (1995) *Cause of Death* (1996) *Unnatural Exposure* (1996) *Point of Origin* (1998) *Black Notice* (1999) *The Last Precinct* (2000) *Blow Fly*

(2003)Trace (2004)Predator (2005)Book of the Dead (2007)The main story is about the murder of an eleven year old girl in North Carolina, where the methods used and evidence found are similar to murders committed by a known serial killer. To complicate matters, the agent investigating the matter is discovered dead under strange and unusual circumstances and some incriminating evidence is found in his home. In a sub-plot, Scarpetta's niece Lucy is under investigation for a possible security breach, and a family crisis follows soon after. Last, and certainly least, romance is in bloom for all the main characters, not always with the desired results.
